

## Expectations for Children and Parents at Retreat

Retreat Committee asks you to follow these guidelines for participation of children and parents at retreat:

1. ***All children must be registered with an adult from their household.*** This applies to anyone under 18 years of age who is attending retreat.
2. ***We strongly urge all parents and children to participate in planned activities on Saturday morning.*** This two-hour session is a vital part of fostering community and relationships with each other. Children especially may misunderstand peers' choices not to participate in planned activities.
3. ***If you must leave the retreat for any part of the weekend (except for off-camp excursions that are part of the retreat agenda), please take your children with you.*** Otherwise, children left at retreat unattended become a physical and legal liability of the whole group.

Thanks for your consideration, and please contact Ruth Mellinger Martin, program coordinator, with any questions or concerns regarding these expectations.
